

HOUSING AUTHORITY CRIME PREVENTION UNIT INFORMATION FOR RESIDENTS

It is our sincere hope that the following key points of knowledge may help you during your stay as a resident.

The Housing Authority Unit consists of four City of Charleston Police Officers:

MPO Trent Weathers----- (Supervisor) ----- 973-3478 (Office Phone)
Vacant----- (Eastside District) ----- 973-3477 (Office Phone)
SPO Sheldon Richardson--- (Central District)----- 973-3465 (Office Phone)
SPO Andre Wilson----- (Westside District)---- 973-3467 (Office Phone)

Community Security Director Stephen Wright-843-720-3692 (Office) 843-343-3244 (Cell)
(OK to Release to the Public)

Email: LTWRIGHT@CHACITY.ORG

You can contact the police department in several different ways:

- 1) **Dial 911 for immediate assistance.**
- 2) Dial 843-743-7200 to report anonymous information directly to the police operator.
- 3) Text 911 (See instructions)
- 4) Dial 843-722-0558 to leave a message on the Housing Authority Crime Hotline.

All apartments are equipped with telephone jacks. If you plug in any telephone, you may be able to dial 911. This is a very important free resource for your safety. Should your jack be inoperable, please call Director Wright for further information.

You are responsible for the persons on your lease and your guests or visitors. Therefore, it is very important that you advise your children and visitors to abide by the lease accordingly. You must also keep all guests or visitors with you and at your unit.

Guests and visitors have no rights or privileges to Charleston Housing Authority Property. Familiarize yourself with the banned persons list. Be knowledgeable of the fact that this list does not eliminate the responsibility you have to keep other criminals and active participants from your apartment and the properties of the CHA.

You should become active in your resident association. Your participation is important and will keep you informed of your area's issues, problems, and concerns.

You should become aware of the many worthwhile programs and resources of your Programs Specialist on your respective Management Team. Take advantage of the help before it becomes serious.

**RULES REGARDING UNAUTHORIZED PERSONS
IN ORDER TO AVOID EVICTION/LEASE TERMINATION**

- Unauthorized persons includes unauthorized live-in(s) residing in the unit more than fourteen (14) days and can include guests, visitors and other persons under the tenant's control that engages in activity that violates the dwelling lease or program. A person under the tenant's control is an individual given express or implied permission by the resident to have access to the unit or premises.
- If a resident has an unauthorized person residing in the unit who is not listed on the lease, he/she must ask them to leave immediately. The resident shall not allow persons other than those listed on the lease and minor children which are born into the household during- this tenancy, to reside in the dwelling unit for more than fourteen (14) days each without obtaining prior written approval of the landlord. **An unauthorized person found to be residing in the unit is a lease violation and may result in termination of lease.** (Applicable to public housing only) All other program participants must adhere to the lease provided by their landlord.
- e The resident shall use the premises as a dwelling for himself or herself and persons named in the lease only, with the exception of minor children born into the household during the tenancy.
- e> Any additions or changes to the household listed on the lease require written advance approval of the Landlord. This includes Live-in Aides, Department of Social Services (DSS) actions, and foster children or adults, but excludes natural births.
- The Landlord may approve the additions or changes if they pass screening and the appropriate size unit is available.
- The resident/participant shall not sublet the unit, or any part of the unit. The unit is for the resident only and those placed on the lease by the resident. **Subletting all or any part of the unit is a lease violation and may result in termination of lease.**
- Removal of persons from the household shall be reported to the Landlord in writing, within ten (10) days.

Resident Initials

CHA Official Initials

- The resident/participant shall not allow an unauthorized person (live-in, guest, visitor or other persons under the tenant's control) who participates in violent, drug-related criminal activity or is listed in the South Carolina Sex Offender Registry to have access to the unit. **All household members listed may be subject to lease termination in the event that any unauthorized person participates in a violent or drug-related criminal activity or is a registered sex offender, whether or not the resident had actual involvement or knowledge of the violent or drug-related criminal activity.**
- CHA will make a determination of lease termination based upon a number of factors, including but not limited to, the seriousness of offending action(s), resident's degree of culpability, any and all health and safety concerns of other residents, employees, and the surrounding community, and tenancy history of the resident.
- All individuals listed on the Prohibited Persons list are considered an "unauthorized person". However, the absence of an individual's name does not mean they are authorized or unauthorized. The prohibition is based on background and criminal history. All residents have received a copy of the list and can find an updated list on the CHA website at www.chacity.org.

I certify that I understand and agree with the rules and regulations regarding unauthorized persons and I accept that any drug-related and/or violent activities of an unauthorized person may jeopardize my tenancy and result in lease termination.

When Should I Call 9-1-1?

Call 9-1-1 to Save a Life, Stop a Crime or Report a Fire.

You should call 9-1-1 even if you are not certain if your situation is an emergency. It is always better to be cautious.

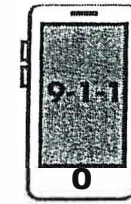

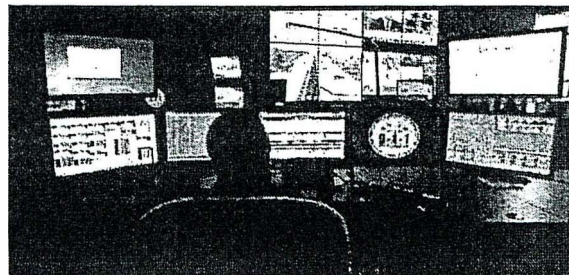

What Happens When I Call 9-1-1?

The Call Taker will start the conversation by requesting the following information.

- What is the address of your emergency?
- Tell me exactly what happened.

As soon as you let the Call Taker know your exact location and what the emergency is, the information is sent to the dispatcher who will be sending help while you continue to answer the Call Taker's questions. This will allow you to get the best help as soon as possible and does not delay a response by emergency services.

You need to remember that the Call Taker can't see you or what you see. If the Call Taker asks you to do something that you think is unsafe or makes you feel uncomfortable, you should tell the Call Taker that.

How does Smart911 Help?

Medical Conditions

For citizens who are affected by epilepsy, diabetes, Alzheimer's, allergies or other medical conditions Smart911 can inform responders of their condition as well as medications and emergency contacts.

Seniors & Elderly Care

For active seniors, a Safety Profile can provide peace of mind that in the event of an emergency 9-1-1 would have details on their home and medical needs. For caretakers, they can be assured that if the person they care for needs to dial 9-1-1 when they are alone, their details are available and the caretaker can be listed as an emergency contact.

General Emergencies

For all citizens, there is always the risk of unplanned accidents or events. Whether in a vehicle or in your home, even the most basic details such as the address association with a mobile phone can be available to 9-1-1 and response teams to send help fast.

Physical Disabilities

For those who have a physical disability or mobility restrictions, it is vital for responders to know about the person, their disability and what type of assistance or special equipment they may need to evacuate their home or receive transport.

Pets and Service Animals

For citizens with pets or other animals your Safety Profile can alert police to their presence when entering your home and Fire crews can be aware of exactly how many people and pets need to be evacuated from your home. For owners of a service animal, you can alert responders that your animal needs to be transported with you.
